

INSTRUCTIONS

This lock is preset at the factory to operate at 0-0-0-0. To set your own combination.

Step #1: Leave dials at 0-0-0-0 and pull out shackle. (Fig. 1)

Step #2: Turn 90° counter clockwise and press down. (Fig. 2)

Step #3: Firmly depress shackle until it can be rotated another 90° counter clockwise, so the shackle remains in the down position. (Fig. 3)

Step #4: Set the dials from top to bottom to your personal combination.

Step #5: Once you have selected your combination, turn the shackle clockwise back to the original 90° position. Lift and return shackle to closed position. Dials to lock.

Your lock will now open to your personal combination. To change simply repeat procedure substituting your personal combination in Step #1.

Record your combination in a safe and accessible place for future reference.
